

B&K Build and The Highlands Community would like to thank the vendors that helped bring the Ideal House to completion!

## All about the Ideal Home 2024 Design:

We wanted to evoke a sense of calm, with a luxurious twist, throughout this home. We also wanted to respect and highlight the beautiful, natural surroundings of the Highlands Community with careful consideration to finish selections and architectural placement.

Throughout the home you will see touches of soft, modern elements juxtaposed to the classic lines, colors, and architecture. Blending these two concepts gives a sense of ease and tranquility in all the details.

Every space has a mix of wood, stone, and feelings of air and water with the use of glass, light, and undulating textures. This home will delight your senses at every turn.

Rest and relax, you are HOME.

Mae Beth Sandlin

### Exterior:

Stone + Brick: Acme Brick

[https://www.majesticstone.com/single\\_products/mclemore-blend/](https://www.majesticstone.com/single_products/mclemore-blend/)
